Fordson
TRADE MARK

We realize that to-day every wise farm owner thoroughly investigates the tractors that are most suited to his needs—looks up their records, the men who built them, and the way in which he will be cared for after his machine is bought. And in this way he gets the one machine best suited for his needs. That's just the message we would like to give you—how the Fordson was built to meet actual farming conditions, how it did that before it was put on the market; how it has upheld the name "Ford" among 110,000 Fordson owners; how we do not lose sight of our customers' best interests after the tractor sale is made. The story of our service—our method of providing for and taking care of all "Fordson" owners' needs in our territory—is a vital consideration for you before you make your choice of machines.

All about the "Fordson" is a message well worth hearing—let us tell it to you in person.

Results in Baking Test the Quality of Flour

There is all the difference in the world in the quality of flour. Everything depends upon the kind of wheat used and the methods used in converting the raw materials into the finished article.

Lily White

"The Flour the Best Cooks Use"

Look for the ROWENA trade-mark on the sack

has maintained a reputation for unsurpassed quality for generations. It is made from the choicest selection of wheat grown in this country. The grain is thoroughly cleaned, scoured and washed before being milled. The part of each grain of wheat that finally is milled is only the heart of the kernel. The result is a flour of incomparable quality—perfect uniformity of granulation, color and volume. It is perfectly balanced to bake well and to give the highest values in nutrition.

Bread and rolls baked from LILY WHITE are of splendid color and have a flavor that is appetizingly palatable. Biscuits are light, tender and delicious—never flat, thin or soggy. Pie-crust is flaky—just like French Pastry.

No food is as healthy and nourishing as breadstuffs made from high-grade flour. LILY WHITE is guaranteed to give satisfaction.
